Note: Fellowship Fund receipts are included in Prior Year Operating Income and Fellowship Fund disbursements are included in Prior Year Missions & Evangelism expenses to allow an equitable comparison with current year.

Note also that CBC also has \$11,323 balance in an American Baptist Foundation account - which is currently restricted

Also note that a portion of both the Operating and Restoration accounts is currently invested in a CD earning 3.75%. Interest is pro-rated between the two components

Q3 YTD RECAP

Giving: 4% below budget; 12% above last year

Expenses generally in line with budget. No significant deviation from budget for the year is expected.

Central Builds has raised \$68,593 against an original target of \$120,000. Note that this target is being reassessed due to the age of the original quote.

A solid Q3 has put in good position to finish the year with a surplus if we have a strong Q4
